In recent years, a corporation has been required to be not only an organization that pursues profits through free and fair competitions but also an entity that broadly provides usefulness to the society. Under these circumstances, compliance (observance of laws and ethical principles) is regarded as an important element of business management.

In addition, a corporation has been required to be fair and sincere to its stakeholders from the viewpoint of corporate governance. In other words, a company has duties to fulfill its social responsibility and improve its corporate value not only by complying with laws and regulations but also, as a corporate citizen, by conducting appropriate and fair business management based on corporate ethics.

MinebeaMitsumi Group has upheld "The Five Principles" as the Company Credo:

- Be a company where our employees are proud to work
- Earn and preserve the trust of our valued customers
- Respond to our shareholders' expectations
- Work in harmony with the local community
- Promote and contribute to global society

We have clarified that an earnest and serious attitude toward our stakeholders such as shareholders, customers, business partners, employees, government agencies, and the society is a fundamental building block of our business. We have also strived to achieve highly transparent management.

Since the foundation in 1951, MinebeaMitsumi has been one of the most active forerunners in promoting global operation presence. Through that period, compliance with laws has been implemented as a matter of course in our group both domestically and internationally. Our efforts to promote employment and foster human resources have also contributed to local communities. Furthermore, we have fulfilled our social responsibility through environmental protection efforts such as obtainment of ISO14001 for all our production sites around the world as well as through efforts to promote labor safety and health in which we have obtained OHSAS18001 for factories mainly in Asia.

From now on and in the future, MinebeaMitsumi, as a corporate citizen, needs to steadily continue to conduct appropriate activities. To this end, specific code of conduct are essential to enable each director and employee of our group to correctly understand ethical issues, laws and regulations, and social requirements and select appropriate activities at all time.

Consequently, we hereby declare our commitment to continuously strive to understand corporate ethics and applicable laws, harmonize with society, and achieve sustained improvement of corporate value through fair and appropriate business management by ensuring implementation of MinebeaMitsumi Group Code of Conduct.

Each director and employee of our group is required to fully comprehend the purpose and comply with MinebeaMitsumi Group Code of Conduct.

CODE OF CONDUCT

1. LABOR

The MinebeaMitsumi Group is committed to upholding the human rights of employees, and to treating them with dignity and respect. All MinebeaMitsumi Group companies shall adhere to the following standards regarding use of labor:

(1) Freely Chosen Employment

Forced, bonded, indentured, or involuntary and inhuman prison labor shall not be used. All work shall be voluntary, and MinebeaMitsumi employees shall be free to leave upon reasonable notice in compliance with applicable law, regulation, and contractual agreement. MinebeaMitsumi employees shall not be required to hand over government-issued identification, passports, or work permits as a condition of employment.

(2) No Child Labor

Child labor shall not be used in any stage of manufacturing. The term "child" refers to any person employed under the age of 15 (or 14 where the law of the country permits), or under the age for completing compulsory education, or under the minimum age for employment in the country, whichever is greatest. MinebeaMitsumi supports the use of legitimate workplace apprenticeship programs which comply with all laws and regulations. MinebeaMitsumi employees under the age of 18 shall not perform hazardous work and may be restricted from night work with consideration given to educational needs.

(3) Discrimination

The MinebeaMitsumi Group is committed to a workforce free of harassment and discrimination. MinebeaMitsumi Group companies shall not engage in discrimination based on race, color, age, gender, sexual orientation, ethnicity, disability, religion, political affiliation, union membership or marital status in hiring and employment practices such as promotions, rewards, and access to training. In addition, employees or potential employees should not be subjected to medical/pregnancy tests that could be used in a discriminatory way.

(4) Harsh or Inhumane Treatment

MinebeaMitsumi Group companies shall not allow any harsh and inhumane treatment, including any sexual harassment, sexual abuse, corporal punishment, mental or physical coercion or verbal abuse of employees, nor shall the threat of any such treatment be allowed.

(5) Minimum Wages

Compensation paid to employees shall comply with all applicable wage laws, including those relating to minimum wages, overtime hours, and legally mandated benefits. Any disciplinary wage deductions are to conform to applicable law and regulation. The basis on which employees are paid shall be clearly communicated to them in a timely manner.

(6) Working Hours

Work weeks are not to exceed the maximum set by applicable law and regulation. Employees should be allowed at least one day off per seven-day week.

(7) Freedom of Association

The MinebeaMitsumi Group respects the rights of its employees to associate freely, join labor unions, seek representation, and or join workers' councils in accordance with applicable law and regulation. Employees shall be able to communicate openly with management regarding working conditions without fear of reprisal, intimidation, or harassment.

HEALTH AND SAFETY

2. HEALTH AND SAFETY

(2) Industrial Hygiene

Employee exposure to chemical, biological and physical agents shall be identified, evaluated, and controlled. When hazards cannot be adequately controlled by engineering and administrative means, employees shall be provided with appropriate personal protective equipment.

(3) Safety

Employee exposure to workplace safety hazards shall be identified, evaluated, and controlled through proper design, engineering and administrative controls, preventative maintenance, and safe work procedures. Where hazards cannot be adequately controlled by these means, employees shall be provided with appropriate personal protective equipment.

(4) Emergency Preparedness and Response

Emergency situations and events shall be identified and assessed, and their impact minimized by implementing emergency response and recovery plans and procedures.

(5) Occupational Injury and Illness

Procedures and systems shall be implemented to manage, track and report occupational injury and illness, including provisions to:

- a. encourage worker reporting;
- b. classify and record injury and illness cases;
- c. provide necessary medical treatment;
- d. investigate cases and implement corrective actions to eliminate their causes; and,
- e. facilitate return of employees to work.

(6) Physically Demanding Work

Employee exposure to physically demanding tasks, including manual material handling and heavy lifting, prolonged standing, and highly repetitive or forceful assembly tasks shall be identified, evaluated and controlled. Employees shall be provided with appropriate equipment to perform such tasks.

7) Dormitory and Canteen

Workers shall be provided with clean toilet facilities, access to potable water and sanitary food preparation and storage facilities. Worker dormitories provided by the MinebeaMitsumi Group shall be clean, safe, and provide emergency egress, adequate heat and ventilation, and reasonable personal space.
